Dear Bill:

Subject: Green Check GPS Certification Program

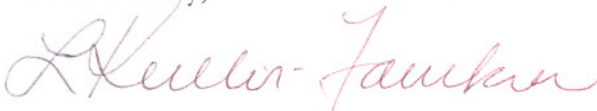

On behalf of the Geomatics staff and faculty at Fleming College, I would like to sincerely thank you and your staff at the Canadian Ecology Centre (CEC) for once again providing us with a great experience in our Geomatics Technician Field Camp (APTS064). Our students had an excellent time and they learned a great deal about the Global Positioning System (GPS), Geographic Information Systems and many other topics.

The Fleming College Geomatics Technician program is proud of the hands-on skills and in-field training we impart to our students. The Green Check GPS Certification Program has provided an integral part of this experience. The connection between the map, the compass and the GPS unit are fundamental to their knowledge in the field.

Comments from several students included: that it went beyond their expectations; that they learned much more than expected; and that the Green Check program must remain as part of our camp in future.

We would like to commend you on your leadership in GPS training in Canada. We look forward to our continued association with you, the CEC and the Green Check GPS Certification Program.

Yours sincerely,

Lawrie Keillor-Faulkner, H.B.Sc., GIS-AS, C.T
